April 26, 2010

Due to a discouraging recurrence of a heart rhythm problem I am unable to travel to Europe. That is why I will not appear for my previously scheduled seminar on Wednesday, April 28th. I am very disappointed I won't be able to meet you in Warsaw and we need to postpone my seminar. I am sorry on account of this situation, which come out of circumstances beyond my control. My best efforts will be made to set a new date so seminar could be held in the near future.

Sincerely,  
Tom Peters
